

TEACCH

Treatment and Education of Autistic and
Communication related handicapped CHildren

What is it?

- ◆ Helping children become independent
- ◆ Understanding the culture of Autism
- ◆ Physical lay-out of the room
- ◆ Visual structures
- ◆ Work stations
- ◆ Behavior management

What do we know about children with autism?

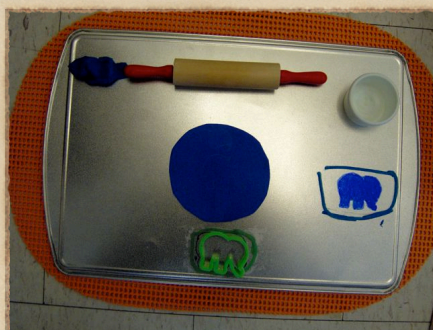

- ◆ They need routine
- ◆ Structure is important
- ◆ They can get upset or angry- why?
- ◆ They need visual supports
- ◆ They WANT independence

The Essential Questions

- ◆ What do I have to do?
- ◆ How much work?
- ◆ When am I finished?
- ◆ What comes next?

So let's take a look

Activities should...

- ◆ Go from left to right
- ◆ Up to down
- ◆ Be clearly marked so child knows when he/she is finished
